STREAM Series Music Streamers Servers			
STREAM1			
Our entry-level streamer and server, with user-accessible SSD storage and high-quality CX power regulation to support a range of specialized output modules to maximise sound quality. Optional LPS1 add-on upgrade available.  - Custom mainboard, 13th gen Intel Quad-Core CPU, 8GB DDR5 Industrial-Grade RAM - USB-C, 3 x USB A 3.2, Bridged 2.5Gb Ethernet ports - User-accessible M2 NVMe SSD storage (slot used if ordered with factory-fitted storage) - Optional Modular Output Boards: Standard DAC, Performance DAC, SPDIF and PhoenixUSB Board.			
	Black	No Storage No Modular Output Board	€ 2 250
LPS1			
Optional Linear Power Supply upgrade for Stream1 offering improved sound quality in matching chassis.  - 150VA toroidal transformer, Mundorf capacitor bank - Dual power outputs: 1 x 19v output for Stream1, 1 x 5v for accessories. - Grounding port (chassis, 4mm socket). Backwards compatible with ZENmini Mk3 and PULSEmini.			
	Black	Ordered separately	€ 1 150
		Bundled with Stream1	€ 920
		Save 20%	
STREAM3			
An enthusiast-level streamer and server, benefitting from premium chassis and high-level linear power supply using AR6-CX technology. Modular storage and output design, supporting the full range of modules including high-end DAC and Digital solutions. Stream3 takes the same mainboard platform of Stream1 but with further improvements.  - Premium 10mm CNC-machined Aluminium chassis - 300VA transformer and AR6-CX module combining 132,000uf Mundorf capacitance, active rectification and CX regulation on single board. - Able to facilitate high-end PhoenixDAC module and onboard dedicated PSU. - User-accessible M2 NVMe SSD storage (slot used if ordered with factory-fitted storage). - Optional Modular Output Boards: Standard DAC, Performance DAC, PhoenixDAC, SPDIF Board, PhoenixUSB Board and PhoenixI2S Board.			
	Black	No Storage No Modular Output Board	€ 5 800
	Silver

PHOENIX Series Reclocker and Network Switch			
PhoenixUSB		BUNDLE OPTION	
The PhoenixUSB regenerates and reclocks the USB signal to an extremely high-precision level to feed into your DAC.			
	Black	Ordered separately	€ 3 600
	Silver		
- Two independent Linear PSU with Mundorf capacitors - 3ppb OCXO clock running at 24MHz. - No switching regulators on USB chip. Voltages to the chip originate from independent linear power and LT3045 regulators.		Bundled with Stream Series	€ 2 880
		Save 20%	
PhoenixNET		BUNDLE OPTION	
Audiophile Network Switch designed from the ground-up for audio.			
	Black	Ordered separately	€ 3 600
	Silver		
- Two independent Linear PSU with Mundorf capacitors - 3ppb OCXO clock running at 25MHz. - No switching regulators in network chip. Voltages to the chip originate from independent linear power. - Network Isolation Transformers for noise isolation from router.		Bundled with Stream Series	€ 2 880
		Save 20%
